

Avionics Maintenance and Repair Care Plans

VIAMI offers warranty and calibration Care Plans for its avionics test equipment that include hardware and labor costs for repair, and annual calibrations performed at the factory during the duration of the service contract.

VIAMI returns your product working like it did when it came off the factory line but with added maintenance and enhancements that will extend the product life. All Engineering Change Notices (ECNs) and software/firmware updates will be upgraded to approved levels. Factors that need calibration can be adjusted to ensure accurate performance.

SILVER Care Plans

- Extend the standard hardware/labor warranty
- Include annual certified factory calibrations (calibrations not included with Standard 1 Year Warranty)

BRONZE Care Plans

- Extend the standard hardware/labor warranty

Additional Features of Care Plans

- **On-Demand Training and Application Support:** Make the most of your product's capabilities and your time from the start.
- **Rapid Repairs:** High quality services with a guaranteed turnaround time
- **Calibration:** Measurement precision - accuracy matters to avoid repeat work!

Key Benefits

- Annual calibrations are included during the service contract duration
- All repairs are included for the extended warranty period - no budget surprises due to repairs
- Priority processing - your equipment will be moved next in line on the test bench
- Factory ensures the hardware/firmware on your unit is up to date
- ANSI Z540/ISO10012 traceable calibration performed on the same ATE as our new factory units (as opposed to sending your equipment to an unauthorized 3rd party service shop)
- Preferred customer status including: promotional offers and product update notifications
- Reduced cost of ownership
